The first place winner, determined by each judge in that particular class will receive ten (10) points; the second place horse will receive nine (9) points, etc. Classes with less than ten (10) horses will have the score reduced to match the number of entries in that class. At no time will a horse be awarded more points by each judge than the total of horses shown.

ii. Points from all judges will be totaled and the horses having the most number of points will be the overall winners.

iii. All other classes will be placed to 12th place. In the event that classes run concurrently, the judges will ensure that 12 places in both classes are satisfied.
